

This document is published under clause 10.6.1(b) of the ESM Rules.

Dispute Participants

- Australian Energy Market Operator Limited (**AEMO**)
- Merredin Energy Pty Ltd (**Merredin**)

Notice of Dispute

On 15 September 2025 Merredin, a Market Participant, submitted a Notice of Dispute to AEMO under clause 2.19.1 of the ESM Rules.

The Notice of Dispute followed on from a Notice of Disagreement process under section 9.16 of the ESM Rules.

Issue Summary

The issue raised in the Notice of Dispute related to the circumstances surrounding Merredin's Real-Time Market Submissions and AEMO's calculation of the Real-Time Market Offer Shortfall for Merredin's NAMKKN_MERR_SG1 Facility under clause 4.26.1G of the ESM Rules in an extended Network Outage scenario.

Resolution

Some details of the dispute resolution process are confidential. However, AEMO notes the following details:

- Merredin acknowledges:
 - that the settlement outcomes are correct based on the relevant inputs (including Merredin's Real-Time Market Submissions); and
 - AEMO does not have the power to adjust those settlement outcomes under the ESM Rules.

The dispute resolution process has not resulted in any changes to settlement outcomes for Merredin or any other Market Participant.
